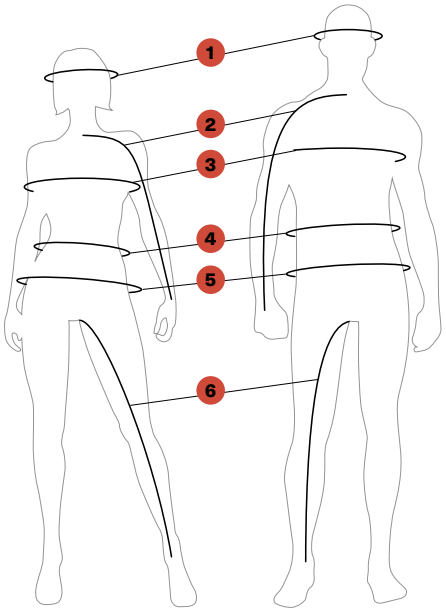
HOW TO MEASURE

- **For best results, have someone else take measurements.**
- **Measure body in underwear.**
- **Tape must be snug but not tight.**
- **If measurements fall between two sizes, order the larger size.**

1 **HEAD**	Around your head, from the center of the forehead, above the ears and over the natural bump at the back of the head.
2 **ARM LENGTH**	Let the hands hang down on the side in a slightly bent position. Measure from the center of the back of your neck, along the length of your arm, to the wrist.
3 **CHEST / BUST**	Measure under your arms, around the fullest part of your chest.
4 **WAIST**	Measure around your natural waistline, keeping one finger between the tape and body.
5 **HIPS**	Across the fullest part of the seat.
6 **INSEAM**	Without shoes, from crotch to the floor.



WHAT CODE REPRESENTS YOUR SIZE?

1. Find your size.

2. The corresponding code is **THE CODE** you use to complete the part number on your order. **Example:** 440227__90 Size: M = Code "**06**", therefore 4402270690
