

Sit back and enjoy the ride with a watercraft built for serious comfort thanks to Sea-Doo's exclusive suspension and Ergolock seat with stepped design. Long days of cruising just got more comfortable.

RIDER CAPACITY

500 lb / 227 kg Weight capacity

DIMENSIONS	
Fuel capacity	18.6 US gal / 70 I
Length	139.2" / 353.5 cm
Width	48.2" / 122.4 cm
Weight (dry)	1,018 lb / 462 kg
Storage capacity	16.6 US gal / 63 I

Black & Deep Pewter Satin

iTC iBR S S3 CLCS ECO.

- Rough water inspired deep-V hull
- Stable and predictable

ENGINE	
Туре	Rotax® 1503 NA 4-TEC®
Intake system	Naturally aspirated
Displacement	1,494 cc
Cooling	Closed-Loop Cooling System (CLCS)
Reverse system	Electronic iBR
Starter	Electric
Fuel type	87 octane

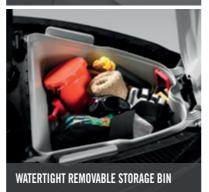

S SUSPENSION

CRUISE CONTROL

GLOVE BOX ORGANIZER KIT (OPTION)

FNGINE

LINGINL	
1,494 cc four-stroke, Rotax with three cylinders in-line and four valves per cylinder	The most powerful, naturally aspirated Rotax engin on a Sea-Doo offers instant acceleration for instant fun. Tested and proven to be incredibly reliable and fuel-efficient for more than a decade.
iTC™ (Intelligent Throttle Control) system	Operating electronically, this advanced throttle system starts you in neutral for easier dockside starts. It also features activity-specific Touring, Sport and ECO™ modes that can all be set to accommodate your riding style. The result is a more responsive, more intuitive ride.
iControl® Learning Key®	The programmable Learning Key allows you to limit the performance of the PWC based on rider skill-level.

Closed-Loop Cooling System

D-Sea-Bel[™] system

FEATURES	
iControl	The "Brain" that integrates and controls all systems to create the best possible ride.
S suspension	Allows the hull to move independently of the upper

Allows the hull to move independently of the upper deck, isolating rider and passengers from the impact of rough water. 5.5" of travel with manual adjustment under the seat so rider can adjust suspension to different water conditions and total passenger weight.

Combines a series of resonators and vibrationabsorbing components to make Sea-Doo watercraft

Uses coolant to keep the engine running at the ideal temperature, much like a car's radiator. Also keeps

some of the quietest on the water.

out corrosive saltwater and debris.

S³ Hull® Stepped, stable & strong. The stepped design reduces drag and keeps you glued to the water. Touring mode / Sport mode Offers a choice between two throttle responses for

> different riding styles. Touring mode is the default setting offering a more progressive acceleration curve for a more confident ride - ideal for cruising and 2-up riding. Sport mode can be easily activated using the Sport button. It provides all acceleration performance for a more aggressive throttle response.

ECO mode This iTC function automatically determines the most economical power delivery and sets the optimal RPM for greatest fuel economy.

Hinged seat Easy-open seat with convenient stay-open support struts. Provides easy access to the engine compartment while remaining attached to the watercraft.

Seat with narrow profile and knee support that lets Ergolock seat with stepped design people sit in a more natural position and leverage their leg muscles to hold on to the machine for more control and less upper body fatigue. Also featuring a stepped design for more comfort and better visibility

to passengers. The VTS adjusts the angle of the nozzle to change the Variable Trim System (VTS™) behavior of the watercraft and improve parallelism to the water

Reboarding platform with Easy access to battery, fuses and storage. rear storage Makes reboarding from the water easier and quicker. Reboarding ladder Ski tow eye For easy and secure attachment of ski rope. Watertight, removable Provides dry storage for luggage and necessities storage bin with easy access.

4 adjustable steering angles for maximum ease Tilt steering and comfort. RF D.E.S.S.™ Key With radio frequency technology and a ball-and-

socket design, the Digitally Encoded Security System (D.E.S.S.) key provides riders with easy and quick starts every time.

Off-Throttle Assisted Steering Provides the operator with additional steering effect (0.T.A.S.®) in off-throttle situations for greater maneuverability.

FEATURES CONTINUED

Interactive Multifunction Digital Information Center

Cruise control, Slow mode, VTS, Fuel consumption instant & average, Fuel level, Tachometer. Speedometer, Hour meter, Compass, Clock, Touring mode, Sport mode, ECO mode, F-N-R indicator and more.

Handlegrips with palm rest

Sponsons Bumpers

Wide-angle adjustable mirrors

Footwell carpets with Sea-Doo logo pattern Swim platform carpet with Sea-Doo logo

Reboarding handles on rear platform

Rear grab handle Seat strap

Quick latch fuel filler design

Front splash deflector

Dual drain plugs

Engine access cover (removable)

Emergency floating lanyard

Operator's guide, instructional video and booklet

PROPULSION SYSTEM

iBR (Intelligent Brake & Reverse) system

First and only true brake on a watercraft recognized by the U.S. Coast Guard for improving boating safety since 2009. Now in its 2nd generation, the intuitive and improved iBR allows you to stop close to 160 feet sooner¹ for greater peace of mind. All with the squeeze of a lever. And with its electronic reverse, it gives you a level of maneuverability that makes docking easier.

Stainless steel impeller

Delivers improved acceleration, higher top speed and less cavitation.

OPTIONS

Wakeboard Rack Depth Finder Ski Module

X package module (Time / distance to empty, Top / average speed / RPM, Lap timer and Engine temperature)
