

2018

## *SHARE THE MOMENT*

*Separate yourself from what's standard and  
elevate to the new level of exhilaration.  
In a Scarab there are no compromises. It's where  
sport meets utility and fun meets performance.  
Live in the moment and show the world your  
#scarabadvantage.*

[scarabjetboats.com](http://scarabjetboats.com)

*innovation.*

Setting the stage in 2013, Scarab was born to challenge the conventions of boat design so that you can challenge the limits of boating. It's in our heritage. It's who we are. And it's why we design and build boats that excite all the senses from first look to first push of the throttle.

#### INNOVATIVE TAILGATE

Easily drop the tailgate for more room and easy access to the water when relaxing and fishing

#### REBOARDING LADDERS

Safely rejoining the crew is easy with a deep-reach, stern ladder.

#### VERSA LOUNGE

Available Versa Lounge seating easily converts from cockpit seating to aft lounge seating to a large sunpad.

#### ADAPTABLE T-TOP

The Open series features a unique T-top with a canvas bimini and integrated tow point for tow sports.

#### TOUCH SCREEN

With a Touch Screen Command Center, taking control of your ride is only a tap away.

#### PREMIUM ENTERTAINMENT

Extend your parties after hours with the Premium Sound System and additional exotic, interior lights to match!

#### WAKE TOWERS

All Scarab jet boats can be fitted with an optional tower transforming your boat into a tow sports work-horse. Boarding, tubing, surfing, you'll be ready.

#### NOTCHED SEATING

Unique touches make all the difference. We place strategic notches in our seats to maximize leg room within the cockpit.

*strength.*

Fully welded closed box construction  
creates a stronger trailer with less flex.

*shape.*

**TRAILER**

Each Scarab trailer is custom-matched to its boat model and manufactured in-house to our highest standards. When you want something right, do it yourself.

Key features include diamond plate step pads, a swing-away tongue for easy storage, and LED submersible lighting. (swing-away tongue N/A on 165 models).

Bluetooth® audio, cruise, launch control, navigation and more. The optional touch screen dash allows complete control at your finger tips.

Higher tow angles equate to better performance out of your favorite wake sports. And with a tow light up top, your evening runs will extend well into the night.

Wake tabs enhance and shape the wake... Scarab is pioneering jet boat wake technology.

Configure your Scarab 195, 215 or 255 ID with the Wake Edition Package: wake ballast, wakeboard tower, board racks, digital speed control, and the Wake edition graphic. Unprecedented wake performance on a jet boat.

## FACTORY WARRANTY

### COMPONENTS

The exclusive factory warranty covers material, labor, and most boat components for three years; exceptions apply. Our customer service experts use state of the art technology for claim processing; a direct link to the craftsmen/professionals that manufacture your boat. (Trailer warranty limited to one year)

### OSMOSIS

A prorated warranty covers osmotic hull blistering for five years. Our engineered Vinyl Esther barrier coat has the best track record in the industry for minimizing hull blistering—a process of construction that gives you peace of mind.

Not all of the Winning Edge limited warranty is transferable. Ask your dealer for all limited warranty details. Warranty applicable to North America Only. For all other locations please contact your servicing dealer.

### HULL STRUCTURE

Lifetime structural hull or deck warranty applies to the first retail owner. A testimony of hull design and structural engineering makes the warranty transferable to the second owner; limitations apply.

## ROTAX

Run cooler and cleaner for longer life and better performance. Closed-loop cooling keeps external water and dirt out of the engine for longer life.

A weed and rope guard makes your day hassle-free. Our cutting-edge shaft guard prevents weeds, tow ropes, and grass flats from wrapping around the drive shaft. No need to clean out the ports that you find on other boats.

Lateral Thrust Control delivers quicker reverse. Unlike other boats, which feature a small, plastic reverse gate, our aluminum reverse gate offers unmatched low-speed maneuverability to make docking a breeze.

### QUIET PERFORMANCE

New for 2018, every Scarab 195 ID and up received plush matting—articulated within the engine compartment—designed to cancel noise frequency and reduce vibration. Nonstop Scarab performance without the annoying background rumble allows you to turn up your soundtrack for fun! (not available on G series or 165)

### iNR (Intelligent Neutral & Reverse)

More than just electronic actuation of the reverse gates, iNR is a game changing feature for jet propulsion. Designed to allow you to adjust your boat's neutral position on-the-fly, maintaining a true stationary location is guaranteed. The iNR system delivers smooth, effortless shifting and greatly increased low-speed maneuverability.

## ROTAX ENGINE WARRANTY

4-STAR ("ULTRA LOW EXHAUST EMISSIONS")

## JET ADVANTAGES

### SHALLOW DRAFT, BOTTOMLESS EXHILARATION

A low draft allows for better performing shallow water applications. Without the risk of chewing grass mats or vacuuming up sand, your favorite lakes just got that much bigger.

### NO PROP, NO PROBLEM

We call it stern living. You call it family fun. Our propeller-free transoms ensure safer swimming, stress-free wake sports, and allow for much larger swim platforms behind the boat.

### 360° MANEUVERABILITY

Turn the wheel and experience the diligent aluminum reverse gate kick into action. With Lateral Thrust Control you're always in full-command of your Scarab, in any sea condition—making your boating all-around better.

### COOL RELIABILITY

Longevity out of your engine is crucial. Rotax® Closed-loop engine cooling keeps external liquid, dirt, and grime where it should be—out of the engine. Run cooler, live longer, and perform better with Scarab.

## *ID SERIES*

*Step beyond routine and stand where you desire—unleash your bold and audacious nature. Turn heads through attitude, wicked style, and unrelenting performance. Shred the runway with your own Scarab Identity because being ordinary is too regular.*

## *OPEN SERIES*

*At Scarab Jet we are revolutionizing fun as much as we are pursuing groundbreaking innovation for our boats. The new Open series took the industry by storm, never looked back, and delivered a jet boating experience unlike ever before. Expand your mind...and open the possibilities because this is what boating was destined to be.*

# 195 Open

*This do-it-all watercraft sports extraordinary versatility and vivacious styling treatments. She's nimble, handles like a dream, and comes equipped with features typically reserved for larger, more expensive models. Tailor her as a wake shredder, fishing machine or both; no fun is left behind with the 195 Open.*

# 255 Open

*Could the best of the best get any better? Well, it just did with the all-new Scarab 255 Open. Key features intelligently crafted to comfortably seat 13 people allowed for refined designs and upgraded ergonomics. Superiority is keenly evident; just take a look at the cockpit. With more space, more flexibility and more style, a boat like this shouldn't be possible, but Scarab loves shattering industry convention.*
